1. We may use and disclose PHI about you to provide health care treatment to you. We may use and disclose PHI about you to provide, coordinate or manage your health care and related services. This may include communicating with other health care providers regarding your treatment and coordinating and managing your health care with others. For example, we may disclose your protected health information to a pharmacy to fulfill a prescription, to a laboratory to order a blood test, or to a home health agency that is providing care in your home.

2. We may use and disclose PHI about you to obtain payment for services. Generally, we may use and give your medical information to others to bill and collect payment for the treatment and services provided to you. Before you receive scheduled services, we may share information about these services with your health plan(s). For example, if certain procedures are recommended, we may need to disclose information to your health insurer to get prior approval for the procedure. We may also disclose protected health information to your insurance company to determine whether you are eligible for benefits or whether a particular service is covered under your health plan.

3. We may use and disclose your PHI for health care operations. We may use and disclose PHI in performing business activities, which we call “health care operations”. These “health care operations” allow us to improve the quality of care we provide and reduce health care costs. Examples of the way we may use or disclose PHI about you for “health care operations” include the following:
   - Quality assessment and improvement activities.
   - Employee review activities.
   - Training programs including those in which students, trainees, or practitioners in health care learn under supervision.
   - Accreditation, certification, licensing or credentialing activities.
   - Reviewing and auditing, including compliance reviews, medical reviews, and legal services and maintaining compliance programs.
   - Business management and general administrative activities.
   - In certain situations, we may also disclose patient information to another provider or health plan for their health care operations.

4. We may use and disclose PHI under other circumstances without your authorization.
   - We may use and/or disclose PHI about you for a number of circumstances in which we do not have to consent, give authorization or otherwise have an opportunity to agree or object. Those circumstances include:
     - When the use and/or disclosure is required by law.
     - When the use and/or disclosure is necessary for public health activities. For example, we may disclose PHI about you if you have been exposed to a communicable disease or may otherwise be at risk of contracting or spreading a disease or condition.
     - When the disclosure relates to victims of abuse, neglect or domestic violence.
     - When the use and/or disclosure is for health oversight activities. For example, we may disclose PHI about you to a state or federal health oversight agency, which is authorized by law to oversee our operations.
     - When the disclosure is for judicial and administrative proceedings. For example, we may disclose PHI about you in response to an order of a court or administrative tribunal.
     - When the disclosure is for law enforcement purposes. For example, we may disclose PHI about you in order to comply with laws that require the reporting of certain types of wounds or other physical injuries.
     - When the use and/or disclosure relates to decedents. For example, we may disclose PHI about you to a coroner or medical examiner for the purposes of identifying you should you die.

5. You can object to certain uses and disclosures. Unless you object, we may use or disclose PHI about you in the following circumstances:
   - We may share your name, your room number, and your condition in our patient listing with clergy and with people who ask for you by name. We also may share your religious affiliation with clergy.
   - We may share with a family member, relative, friend or other person identified by you, PHI directly related to that person’s involvement in your care or payment for your care. We may share with a family member, personal representative or other person responsible for your care PHI necessary to notify such individuals of your location, general condition or death.
• We may share with a public or private agency (for example, American Red Cross) PHI about you for disaster relief purposes. Even if you object, we may still share the PHI about you, if necessary for the emergency circumstances. If you would like to object to our use or disclosure of PHI about you in the above circumstances, please call our contact person listed on the cover page of this Notice.

6. We may contact you to provide appointment reminders. We may use and/or disclose PHI to contact you to provide a reminder to you about an appointment you have for treatment or medical care.

7. We may contact you with information about treatment, services, products or health care providers. We may use and/or disclose PHI to manage or coordinate your healthcare. This may include telling you about treatments, services, products and/or other healthcare providers. We may also use and/or disclose PHI to give you gifts of a small value.

8. We may contact you for fund-raising activities. We may use and/or disclose PHI about you, including disclosure to a foundation, to contact you to raise money for the hospital and its operations. We would only release contact information and the dates you received treatment or services at the hospital. If you do not want to be contacted in this way, you must notify in writing our contact person listed on the last page of this Notice.

** ANY OTHER USE OR DISCLOSURE OF PHI ABOUT YOU REQUIRES YOUR WRITTEN AUTHORIZATION **

Under any circumstances other than those listed above, we will ask for your written authorization before we use or disclose PHI about you. If you sign a written authorization allowing us to disclose PHI about you in a specific situation, you can later cancel your authorization in writing. If you cancel your authorization in writing, we will not disclose PHI about you after we receive your cancellation, except for disclosures which were being processed before we received your cancellation.

YOU HAVE SEVERAL RIGHTS REGARDING PHI ABOUT YOU

1. You have the right to request restrictions on uses and disclosures of PHI about you. You have the right to request that we restrict the use and disclosure of PHI about you. We are not required to agree to your requested restrictions. However, even if we agree to your request, in certain situations your restrictions may not be followed. You may request a restriction by contacting the Pleasant Valley Hospital Privacy Officer at 304-675-4340 Ext. 1161.

2. You have the right to request different ways to communicate with you. You have the right to request how and where we contact you about PHI. For example, you may request that we contact you at your work address or phone number or by email. Your request must be in writing. We must accommodate reasonable requests, but, when appropriate, may condition that accommodation on your providing us with information regarding how payment, if any, will be handled and your specification of an alternative address or other method of contact. You may request alternative communications by contacting the Pleasant Valley Hospital Privacy Officer at 304-675-4340 Ext. 1161.

3. You have the right to see and copy PHI about you. You have the right to request to see and receive a copy of PHI contained in clinical, billing and other records used to make decisions about you. Your request must be in writing. We may charge you related fees. Instead of providing you with a full copy of the PHI, we may give you a summary or explanation of the PHI about you, if you agree in advance to the form and cost of the summary or explanation. There are certain situations in which we are not required to comply with your request. Under these circumstances, we will respond to you in writing, stating why we will not grant your request and describing any rights you may have to request a review of our denial. You may request to see and receive a copy of PHI by contacting the Pleasant Valley Hospital Privacy Officer at 304-675-4340 Ext. 1161.

4. You have the right to request amendment of PHI about you. You have the right to request that we make amendments to clinical, billing and other records used to make decisions about you. Your request must be in writing and must explain your reason(s) for the amendment. We may deny your request if: 1) the information was not created by us (unless you prove the creator of the information is no longer available to amend the record); 2) the information is not part of the records used to make decisions about you; 3) we believe the information is correct and complete; or 4) you would not have the right to see and copy the record as described in paragraph 3 above. We will tell you in writing the reasons for the denial and describe your rights to give us a written statement disagreeing with the denial. If we accept your request to amend the information, we will make reasonable efforts to inform others of the amendment, including persons you name who have received PHI about you and who need the amendment. You may request an amendment of your PHI by contacting the Pleasant Valley Hospital Privacy Officer at 304-675-4340 Ext. 1161.

5. You have the right to a listing of disclosures we have made. If you ask our contact person in writing, you have the right to receive a written list of certain of our disclosures of PHI about you. You may ask for disclosures made up to six (6) years before your request (not including disclosures made prior to April 14, 2003). We are required to provide a listing of all disclosures except the following:

• For your treatment
• For billing and collection of payment for treatment
• For our health care operations
• Made to or requested by you, or that you authorized
• Occurring as a byproduct of permitted uses and disclosures
• Made to individuals involved in your care, for directory or notification purposes, or for other purposes described in subsection B.5 above.
• Allowed by law when the use and/or disclosure relates to certain specialized government functions relates to correctional institutions and in other law enforcement custodial situations (please see subsection B.4 above) and
• As part of a limited set of information which does not contain certain information which would identify you.

The list will include the date of the disclosure, the name (and address, if available) of the person or organization receiving the information, a brief description of the information disclosed, and the purpose of the disclosure. If, under permitted circumstances, PHI about you has been disclosed for certain types of research projects, the list may include different types of information.
